<b>Sporting Goals and Aspirations</b>	When I first started running I thought it was just a dream to actually make the Commonwealth games but I did it and think that if I work hard then there is nothing that I wouldn't be able to do as long as I train hard. I take one day at a time so I am really looking forward to the CP World Games and hoping to do really well in them. I have not been able to train as much as I would have liked to in preparation for the Games as I have had an eye operation, I am back on the track now and I am looking forward to what lies ahead.
