An opportunity to contribute to the continued success of a unique Paralympic sport

Chair

Building on our success at the Rio 2016 Paralympics and more recently at BISFed 2018 World Boccia Championships in Liverpool, Boccia UK is currently looking to recruit a suitably qualified Chair to lead Boccia UK to further success at the Tokyo 2020 Paralympic Games and beyond.

Boccia UK

The United Kingdom Boccia Federation (Boccia UK) is the National Governing Body for the Paralympic sport of boccia in the UK. It is a federation comprising the four sports organisations responsible for the development of boccia in each of the home nations, namely Boccia England, Disability Sport NI, Disability Sport Wales and Scottish Disability Sport.

Boccia UK is responsible for the identification, development and preparation of the UK's most talented players, with a particular focus on supporting athletes to achieve their potential at the highest level of Paralympic sport. This principally involves running the World Class Programme (WCP), funded by UK Sport. In addition the organisation facilitates home nation collaboration around the development of the UK wide performance pathway.

About Boccia

Boccia (pronounced 'bot-cha') is a precision indoor ball game, similar to bowls and pétanque. The sport has been specifically designed to be inclusive of disabled people with players throwing, kicking or using a ramp to propel a ball onto the court with the aim of getting closest to a 'jack' ball.

As a sport specifically designed to be inclusive of players with the highest levels of support needs, it makes a particularly valuable contribution to disability sport provision in the UK and internationally.

At a recreational level boccia is played widely in schools and adult centres throughout the UK. In 1984, boccia was introduced as a Paralympic sport for athletes with a disability affecting loco-motor function such as Cerebral Palsy.

Since then the sport and skill level involved has developed rapidly and boccia is now widely recognised as fantastic sport of intriguing tactics, incredible skill and nail biting tension.
