Ayrshire

# Discussion Points

---

1. How does your branch engage with and support performance athletes who are part of your branch area? Note any good practice examples that might benefit other branches
2. How do you find out information regarding branch athlete performances / successes
3. What role can SDS staff play to facilitate the link between performance athletes and branches?
4. How can you engage and profile all performance athletes?
5. What are the key events coming up in late 2018 and 2019 that your branch may want to celebrate and which athletes may be able to help?
